

FEDERAL ELECTION
COMMISSION
OFFICE OF GENERAL
COUNSEL

To whom it may concern

1 Feb 2009

I am responding to MUR 6157, which I received on 27 Jan 2009.

My campaign for the U S Senate ended on 6 June 2008 when I failed to receive sufficient signatures to place my name on the ballot in Massachusetts. As soon as the campaign ended my campaign treasurer quit soon followed by the remainder of the staff. Until I received your letter and the complaint filed against me I was unaware of the outstanding balance to Jamestown Associates. In seven and one half months since my campaign ended until I received your letter I had never received an invoice or any other account statement from them. When I received the complaint I immediately contacted them to resolve this matter.

On 28 Jan I spoke to Larry Weitzner, the CEO of Jamestown Associates. We have resolved this matter to our mutual satisfaction.

If I may be of further assistance in this matter, please contact me.
